08:15 – 13:00

BIONNALE Science & Sights Tour

Get in touch with the life sciences in the German Capital Region and see the city during your stay! This year, the tour will take you to Berlin-Buch, one of the most forward thinking biomedical hubs in Germany. (For delegates from outside HealthCapital Berlin-Brandenburg only).

The tour is booked out! If you want to be put on the waiting list please contact Mr. Ingo Starke via ingo.starke@berlin-partner.de

13:30 – 15:30

Großer Vortragssaal
basement

Biotech / Pharma Session

Future Technologies in Biotech & Pharma

Opening

Pharmaceutical development in the 21st century: Bringing digital technologies to the core

Dr. Philip Böhme, Research & Development Clinical Sciences, Bayer AG

Going forward – the need for new technologies in regenerative medicine

Dr. Christoph Feest, Head of Science Management, Berlin-Brandenburg Center for Regenerative Therapies BCRT

Quality aspects of a cell-based therapy for cartilage repair

Dr. Giulietta Roël, CO.DON AG

Next generation T cell therapy for cancer patients

Dr. Felix Lorenz, Captain T Cell & Max-Delbrück-Center for Molecular Medicine (MDC Berlin)

CRISPR based Gene Editing

Dr. Peter Nell, VP, Head Strategy & Business Development, Casebia Therapeutics

13:30 – 18:00

Kleiner Vortragssaal
basement

Cooperation track

Cooperation track

Session Biotech / Pharma Companies

Host: Thomas Hegendörfer – Janssen Cilag GmbH

Metanomics Health GmbH

Surflay Nanotec GmbH

SunRegen Healthcare AG

Host: Dr. Kerstin Wilken – PDA Europe gGmbH

Belyntic GmbH

BioEcho Life Sciences GmbH

Treamid GmbH

Session Medtech Companies

Host: Mathias Falckenberg – Forbion Capital Partners

Magnosco GmbH

reco2lung GmbH

InnoRa GmbH

DiaMonTech GmbH

BioAnalyt GmbH

Session Academic Projects

Host: Dr. Thomas Hanke – evotec AG

Max Delbrück Center for Molecular Medicine (MDC)

Ascenion GmbH -Techtransfer Partner of MDC

EU-OPENSURE

Charité – Universitätsmedizin Berlin | Department of Radiology

FET Flagship "LifeTime" coordinated by MDC

Session Digital Health/ AI Companies

Host: Caspar Graf Stauffenberg - CatCap GmbH

Vivy GmbH

MedMee

Fosanis GmbH

digitale inklusion (e.V.) i.G.

INNOLABS

Host: Helen Albert - LaBiotech UG

BioNeex UG

Simmunology

BRAIN CURES

appamedix UG

loopstock

Special Polish Delegation

Poznan Science and Technology Park

Bio-Tech Consulting

Future Synthesis

13:30 – 15:30

Goldberger Saal 1st floor

Conference

Digital Health Session

IT Security: new tools and technologies to deal with data and device security

Moderator: Uwe Porwollik, CEO, eHealth.Business GmbH

Data Security in Medical Care: integrating the General Data Protection Regulation (GDPR) in medical software

Dr. Torsten Schmale, Doc Cirrus GmbH

Data Security in Pharma - Blockchain in clinical trials

Simon Schwerin, Co-Founder, medixain

Data Security in Hospitals - Applied Interoperability in hospitals

Torsten Frank, CEO at medisite GmbH, and Dr. Joseph Walenta, German Heart Center Berlin

Device Security - Protecting pacemakers

Thomas Dörr, Vice President Development Electronic Implants, BIOTRONIK SE & Co. KG

13:30 – 14:30

Hardenberg Atrium 1st floor

Matchmaking

Matchmaking Session #1

14:30 – 15:30

Hardenberg Atrium 1st floor

Matchmaking

Matchmaking Session #2

15:30 – 16:30

Hardenberg Atrium 1st floor

Matchmaking

Matchmaking Session #3

16:00 – 18:00

Goldberger Saal 1st floor

Conference

Biobased Industries Session

New projects and promising technologies - How will biotechnology transform bioeconomy from a vision to a reality?

Welcome address & Introductory remarks

Nina Parzych, Genius GmbH

Keynote

Prof. Christine Lang, Organobalance GmbH und Vorsitzende des Bioökonomierats

Value chain and bioprocesses for biopolymers

Dr. Joachim Venus, ATB Potsdam-Bornim

Biofuels from whey

Richard Görlitz, ARGUS Umweltbiotechnologie GmbH

Production of high value microalgae in urban areas

Gunnar Mühlstädt, MINT Engineering GmbH

Bio-Textiles. Inspired by Nature. Created by Nature

Renana Krebs, Algalife Cleantech Innovations

Closing remarks

Nina Parzych, Genius GmbH

16:00 – 18:00

Großer Vortragssaal
basement

Conference

Medtech Session

New Regulatory Affairs in Medtech and Diagnostics

Moderator: Jana Ehrhardt-Joswig, Managing Editor, VDI TZ

MDR and IVDR – The countdown has started

Prof. Dr. med. Dr. iur. Christian Dierks, CEO, Dierks+Company - [read & download presentation](#)

Notified Bodies – what you should note

Dr. Christian Zietsch, Expert, mdc medical device certification GmbH - [read & download presentation](#)

Efficient project management – The first step towards the success

Astrid Schulze, Senior Adviser QM & Regulatory Affairs, Johner Institut GmbH - [read & download presentation](#)

Implementation in practise at Berlin Heart GmbH

Hendrik Heinze, Director Quality and Regulatory Affairs, Berlin Heart GmbH

16:30 – 17:30

Hardenberg Atrium 1st floor

Matchmaking

Matchmaking Session #4

17:30 – 18:30

Hardenberg Atrium 1st floor

Matchmaking

Matchmaking Session #5

18:30 – 22:00

Großer Vortragssaal
basement

**Evening reception with Industry Keynote and Speed
Lecture Award**

Speed Lectures

Scientists present their work in a battle for "The Best Science Pitch"

Keynote

From drugs for patients to solutions for patients: The 4D principle

Prof. Dr. Jochen Maas, Head R&D Germany, Sanofi-Aventis Deutschland
GmbH

Speed Lecture Award Ceremony

The winner of the audience voting will be announced.

Closing Remarks

Dr. Kai Bindseil, Cluster Manager HealthCapital Berlin-Brandenburg

Get-together and Networking
